Família	20
Cuidados Íntimos	23
DST/ IST	27
Agressão Sexual	28
Pornografia e Prostituição	31

DESCRIÇÃO

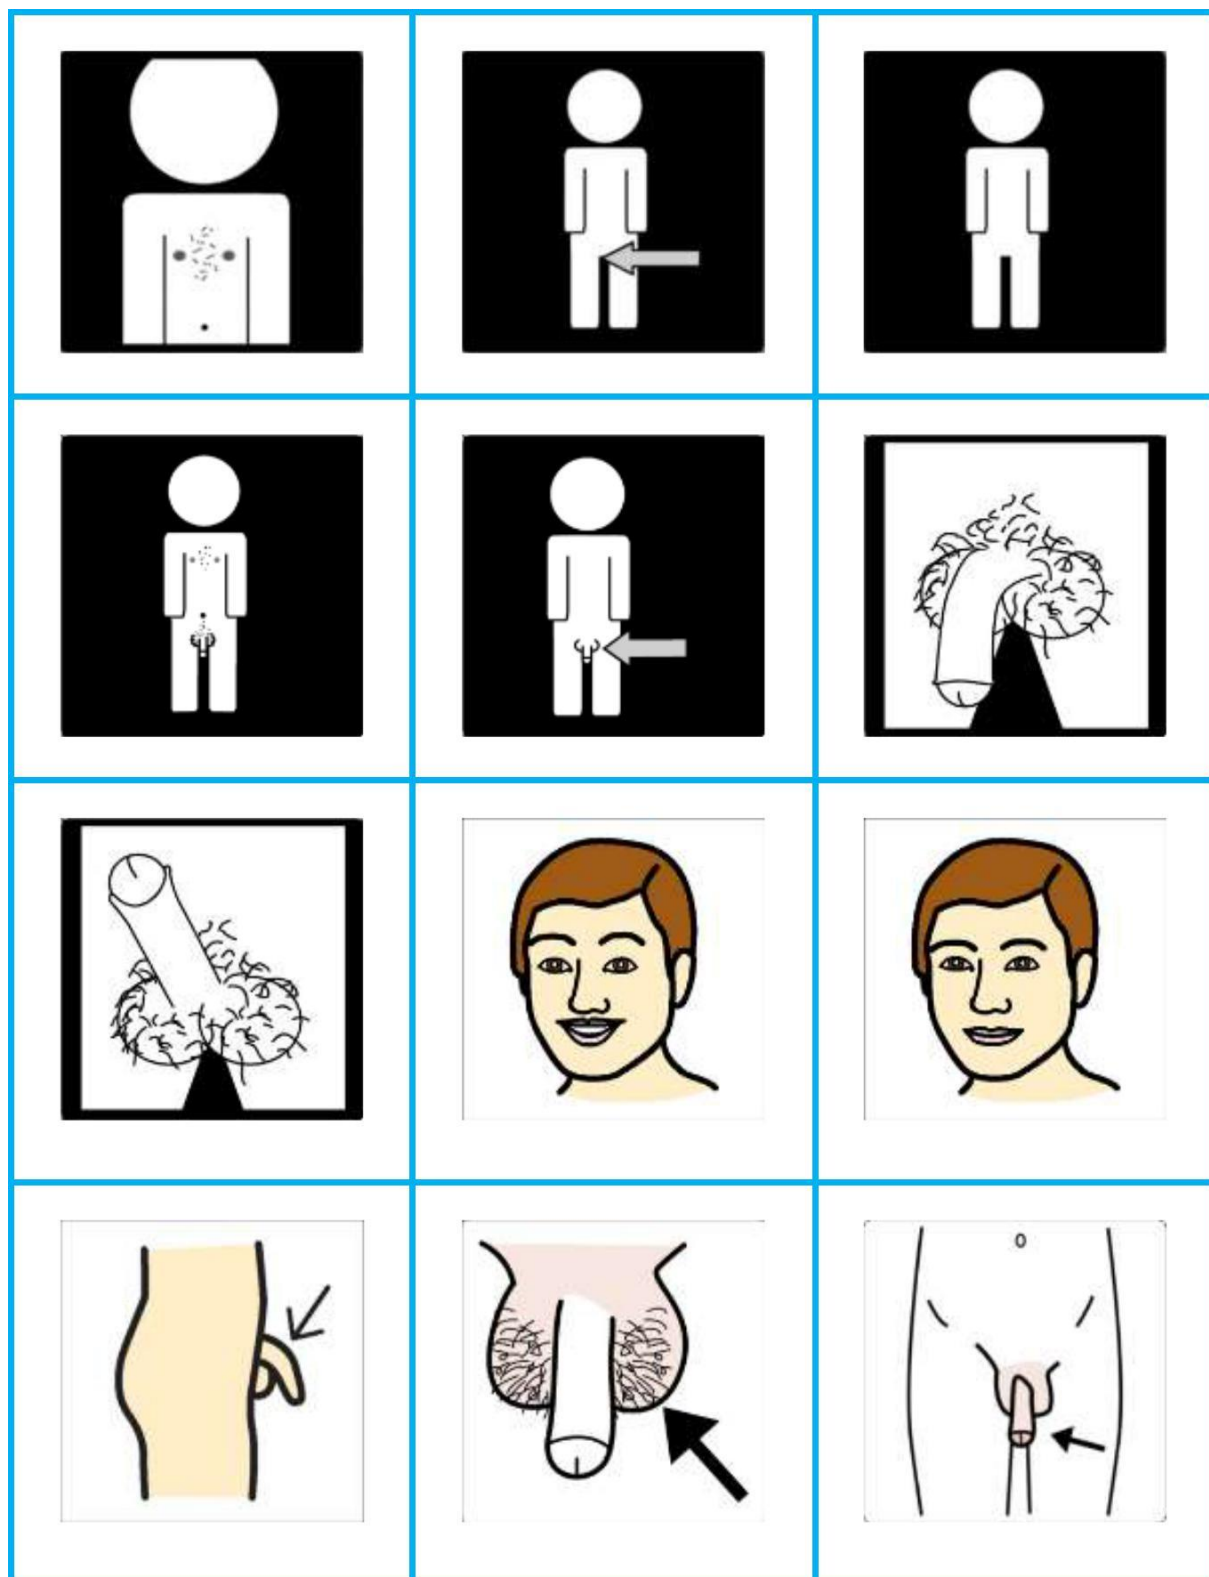

O Banco de imagens TRASE é uma seleção de pictogramas sobre a sexualidade, saúde sexual e educação sexual. Os pictogramas são selecionados da ferramenta Picto-Selector © por M.C. Van der Kooij, que fornece mais de 28.000 pictogramas sobre diferentes tópicos, i.e. criar horários visuais.

Pressupõe-se que o Banco de imagens TRASE seja utilizado como suporte visual para educação sexual e pode ser utilizado por pais, formadores, cuidadores e profissionais para proporcionar informações sobre questões sexuais a pessoas com deficiência, i.e. com dificuldades de aprendizagem ou expecto de autismo. Estas pessoas também podem usar esses materiais de forma autónoma, para aprender sobre sexualidade, comportamento apropriado ou higiene pessoal.

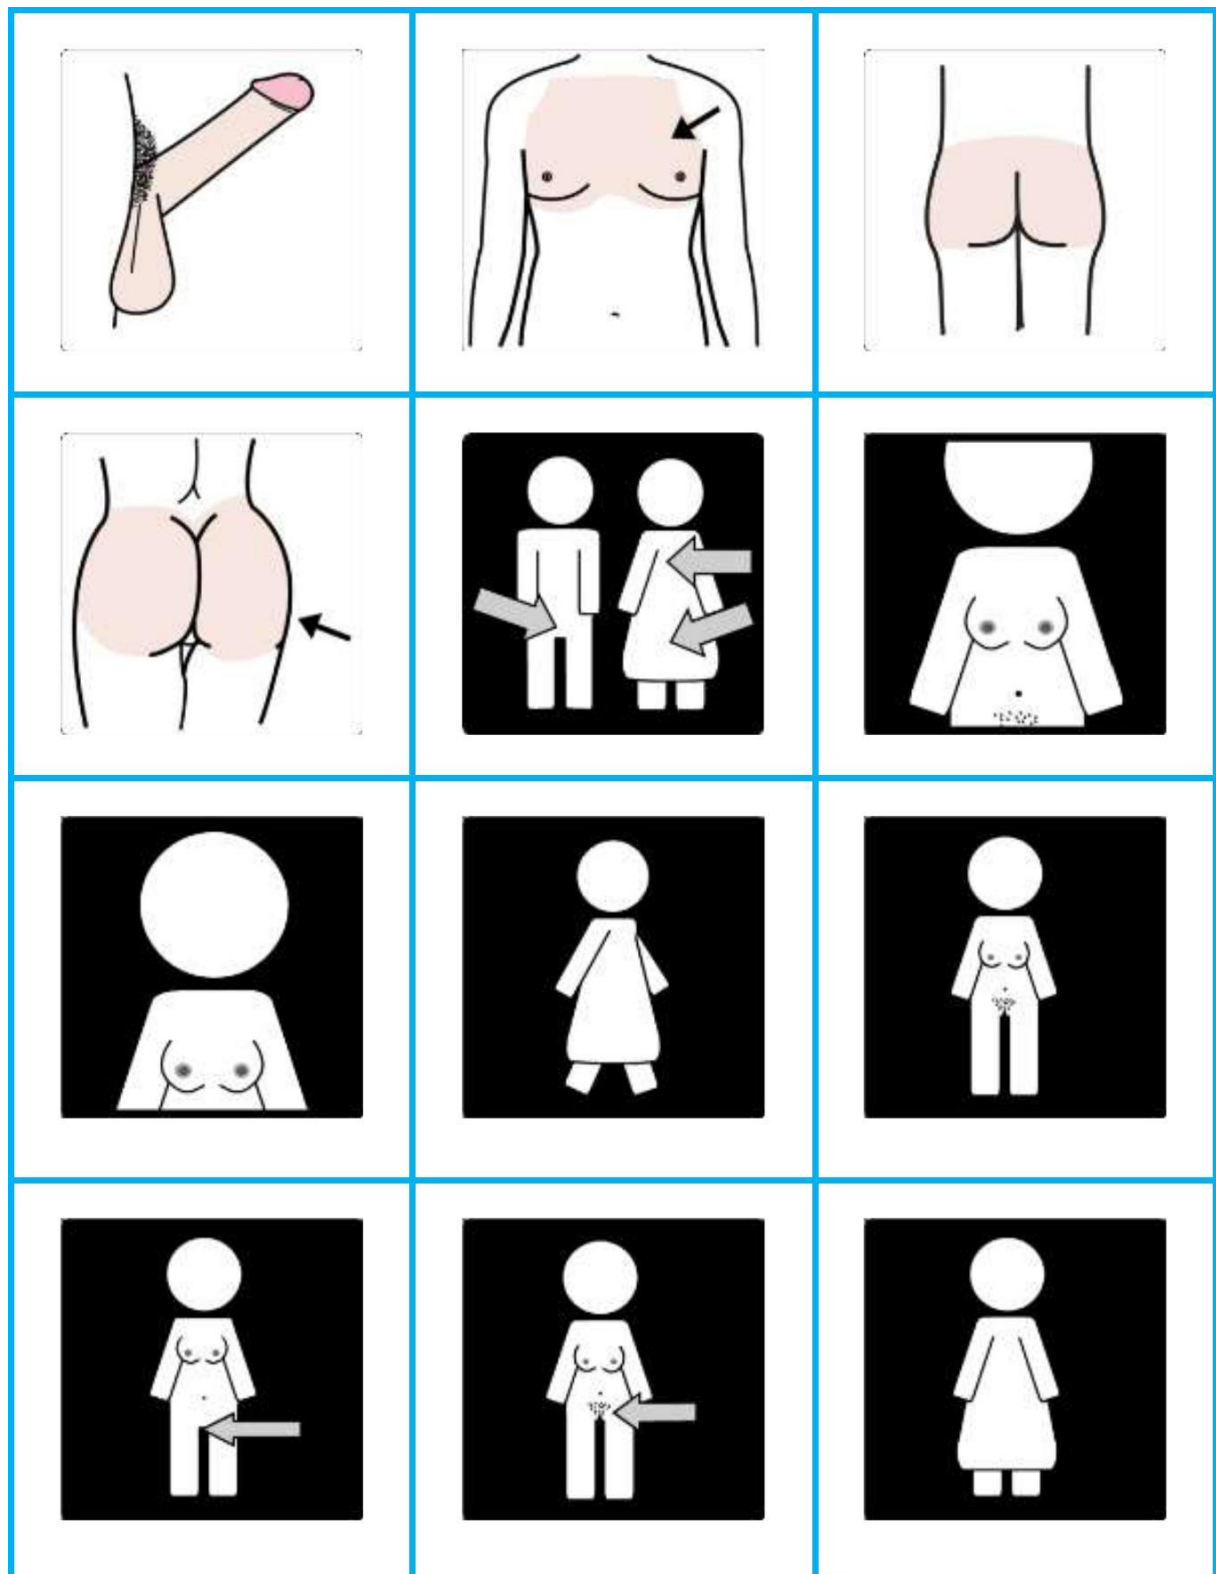

Esta ferramenta pretende fornecer exemplos específicos de imagens bastante claras e simples sobre a sexualidade numa seleção multifuncional, permitindo um acesso rápido aos utilizadores. Assim, os pictogramas foram classificados por temas.

Para personalizar ou ampliar os pictogramas, a ferramenta Picto-Selector © pode ser descarregada gratuitamente em:
<https://www.pictoselector.eu/home-2/download/>.
